# ROLL UP DESIGN GUIDE / BASIC / BUDGET

— Document outline
■ Visible area

The visible area of the Roll Up Basic is 850x2000 mm. Leave 5mm bleed on both sides and up, and 200 mm bleed down. The total size of the document must be 860x2205 mm.

Recommended resolution of bitmaps is 100-150 dpi and the document should be a print-ready PDF, 1:1 scale and in CMYK-colours.

PRINTWORKS

More information on the technical recommendations can be found on our website www.printworks.fi (only Finnish). You may send your questions also via e-mail to info@printworks.fi.

Send your print-ready file to aineistot@printworks.fi. Please mention which job and which customer is related. Larger files you may also transfer with our KMG Upload service: www.printworks.fi/upload/
